

Monday 3rd November 2025

Room: Seligman Theatre

08:00 – 09:00Registration		
08:45 – 09:00BVM Sponsored Symposium		
Session 1: Ebstein's anomaly - Chairs: David Hoare and Dr Saleha Kabir		
09:00 - 09:05	Welcome	GOSH and Barts Congenital Team
09:05 - 09:30	Networking and team building icebreaker!	GOSH and Barts Congenital Team
09:30 - 09:50	The normal and pathological right atrioventricular valve	Gill Riley
09:50 - 10:15	Paediatric echo assessment of Ebstein's malformation	Penelope Young
10:15 - 10:40	Ebstein's malformation: Echo insights from long term follow up - can 3D echocardiography help us ?	Rebecca Macrae
10:40 - 11:10Refreshment break and posters		
Session 2: Pacing, updates and head scratchers - Chairs: Rebecca Macrae and Penelope Young		
11:10 - 11:30	The right AV valve and challenges of pacing	Holly Daw
11:30 - 11:55	BCCP update	Dr Saleha Kabir
11:55 - 12:01	An unusual presentation of aortic coarctation (CoA) in a 4-year-old boy with Homozygous Familial Hypercholesterolaemia (HoFH)	Grace Eyles
12:01 – 12:07	Unrepaired Adult Presentation of Complex Congenital Heart Disease: Guess The Diagnosis	Fatemeh Motighavanin
12:07 – 12:13	Aortic pseudo-aneurysm post LVAD explantation	Chloe Hutton
12:13 - 13:20Lunch, networking and posters		
12:45 - 13:15BVM Sponsored Symposium		
Session 3: Current perspectives in cardiac physiology - Chairs: Gill Riley and Penelope Young		
13:20 - 13:45	Seeing the whole picture – a prenatal perspective of congenital heart disease	Joanne Wolfenden
13:45 - 14:10	Evolving perspectives in devices and electrophysiology	Holly Daw
14:10 – 14:45	Echocardiography guidance in structural intervention - example cases with ACHD focus.	David Hoare
14:45 - 15:20Refreshment break and posters		
Session 4: Training and service of the future - Chairs: Rebecca Macrae and Gill Riley		
15:20 – 15:45	National congenital echo training programme: update	Owen Burgess
15:45 – 16:01	Lost to follow-up of ACHD patients - A holistic approach to scientist led, low risk fetal echo assessment	Jan Forster
16:01 – 16:07	Clinical Scientist Led Clinic in Adult Congenital Heart Disease – How to do it?	Dario Freitas
16:07 – 16:13	Validation of a specialist CRM clinic for ACHD patients using Patient Reported Experience Measures (PREMs)	Holly Daw
16:13 - 16:30	Winners of competitions, meeting the wider BCCP group	All
BCCA Lifetime Achievement Award Lecture Chairs: Dr Victoria Jowett, Mr Andreas Hoschitzky		
16:30 - 17:15	The past, present and future of cardiac morphology	Prof Robert H. Anderson
17:15	Close	
19:00 – 23:00Conference dinner – The Great Hall, Bart's Heritage		

BCCP Faculty

Owen Burgess

Cardiac Scientist at
Bristol Royal Hospital
For Children

Rebecca Macrae

Deputy Principal
Cardiac Physiologist at
Barts Heart Centre

Holly Daw

Cardiac Clinical
Scientist at Barts
Health NHS Trust

Gill Riley

Senior Chief Cardiac
Physiologist, Pecs Echo
Training Lead at Great
Ormond Street Hospital &
One Heart Network

David Hoare

Deputy Principal
Cardiac Physiologist at
St Bartholomew's
Hospital

Penelope Young

Cardiac Physiologist at
Great Ormond Street
Hospital

Dr Saleha Kabir

Lead Paediatric Physiologist
And Lead Of Advanced
Echocardiography at
Evelina London Children's
Hospital

Joanne Wolfenden

Cardiac Physiologist
In Fetal Cardiology at
Great Ormond Street
Hospital
